Agentic AI, Gen AI, and RL

# Christian Gomez

Software Engineer @ Gusto | Computer Science M.S. @ GWU  
San Francisco, California, United States

## Summary

Hi! I'm a Software Engineer passionate about building meaningful products and services that make a real impact. I enjoy combining creativity and technical problem-solving to bring ideas to life.

Some of my highlights include:

- Pioneered Gusto's AI Expansion Content Engine, a personalization tool that generates sales copy to drive partner customer engagement
- Increased HP printer copy speed and enhanced image quality by developing an image typing tool to distinguish text from non-text elements in documents

When I am not working, I enjoy playing/watching soccer (former NCAA men's soccer player), running, reading, and spending time with my family

---

## Experience

Gusto

Software Engineer

May 2025 - August 2025 (4 months)

San Francisco, California, United States

Expansion Engineering: Developing an AI-powered personalization engine that generates sales copy to drive partner customer engagement

HP

Software Engineer

May 2023 - August 2023 (4 months)

Vancouver, Washington, United States

Imaging and Print: Increased copy speed by 15% and enhanced image quality by developing an image typing tool to distinguish text from non-text elements in documents

HP

Imaging and Print

May 2022 - August 2022 (4 months)

Vancouver, Washington, United States

Imaging and Print: Improved visual quality of printed images by developing and integrating an ML image enhancement tool into HP's print pipeline

---

## Education

The George Washington University

Master of Science - MS, Computer Science · (August 2024 - May 2026)

Whitman College

Bachelor's degree, Computer Science and Mathematics · (2020 - 2024)

Union High School

High School Diploma · (August 2016 - June 2020)
