Certifications

MongoDB Python Developer

Certified Generative AI Professional

Building Generative AI-Powered Applications with Python

MongoDB Certified DBA Associate (C100DBA)

Complete Machine Learning & Data Science Program

Harsh Patel

MLOps Engineer | Built & Deployed Production ML Systems | AgenticAI Professional | Certified DBA Associate
Bhopal, Madhya Pradesh, India

Summary

I am a Machine Learning Engineer focused on building and deploying production-ready ML and Generative AI applications.
I design end-to-end systems that include model versioning, experiment tracking, automated pipelines, and scalable inference APIs using modern tools and practices.
I hold a Certified DBA Associate credential, which reinforces my strong foundation in data systems alongside machine learning engineering.
